JRC Mission

As the science and knowledge service
of the European Commission,
the Joint Research Centre's mission is
to support EU policies with independent
evidence throughout the whole policy cycle.

Agenda

CALRE Visit

JRC Ispra

25 November 2016

The European Commission's science and knowledge service

Joint Research Centre

Joint Research Centre

The **Conference of European Regional Legislative Assemblies (CALRE)** unites seventy-four presidents of European regional legislative assemblies: the parliaments of the Spanish communities, Italian regional councils, the federated states of Germany and Austria, the Portuguese regions of l'Açores and Madeira, Wales, Scotland and Northern Ireland in the United Kingdom, Åland Islands in Finland and Belgium community and regional chambers.

The goal of the Conference is to promote ways of participation in the construction of the European Union, in order to become a reference point in the bottom-up decision-making process and to further strengthen the **regional dimension in Europe**, enhancing a multi-level approach in the European governance. Eighteen years after its establishment in Oviedo, CALRE continues to be a player on the European stage and a 'megaphone' to the demands of citizens and local realities.
