DONATELLA PORZI

President of the Legislative Assembly of Umbria

Biography

I was born in Perugia in 1966 and live in Collemancio, a district of the municipality of Cannara. I have been married to Luciano Angelucci since 1986 and we share the same passion for life and my two greatest joys: Andrea, aged 25, and Matteo, aged 20.

After completing high school from Liceo Properzio in Assisi, I achieved a Degree with distinction from the Perugia ISEF in 1990. A few years later, I also obtained my SISS specialisation as special needs teacher.

Teaching and schooling have always been my great passions; after academic experience as a voluntary assistant at the faculty of "Gymnastics and children's games", I devoted my time to teaching motor activity in primary schools, successfully promoting a number of innovative projects. From 2000 to 2006, I also had the chance to teach at middle and secondary schools.

My political career began back in 2004, in the administrations with my election as local councillor and appointment as councillor for education, young and social policy in the municipality of Cannara. This then developed into the provincial institution, where I was Councillor for cultural, social, young and European policy, legality and equal opportunities, from 2009 to 2014. I presently have the honour of chairing the Legislative Assembly of the Region of Umbria, after having been elected to the board in 2015.

I have always considered my commitment to the service of the community an activity to be performed to the best of my abilities and with due devotion. I firmly believe that any commitment made to the common good should be considered as a resource and an honour that must be absolved with the utmost professionalism for the good of others and in respect of the institutions that represent us and themselves.
