PRESIDÈNCIA

Palau dels Borja, 9th November 2022

Dear colleagues,

I have the pleasure to send you attached our *Annual report of the Cultural and Linguistic Diversity working group*. This year, we present you an update of the work we've been carrying out since 2017. The document considers the current developments arising from the Covid-19 crisis, the Next Generation Recovery fund, the Creative Europe project, the Conference on the Future of Europe conclusions and several projects and important documents more. With certainty, it will contribute to promote the exchange of information, in the matter of cultural diversity, between the regional parliaments and the European Committee of the Regions. This report is, therefore, a work in progress, with the participation of diverse agents and experts in the cultural sector.

Moreover, our will has always been that the regional parliaments in CALRE get involved in the making of this report. To do so, we send you the draft document for you to complete, amend or propose any other action. I am convinced that your vision will only enrich the document. To do so, you can use this [ONLINE FORM](#). We'll collect your proposals and add them to the final report.

C O R T S V A L E N C I A N E S

PRESIDÈNCIA

Finally, the desire of this presidency cannot be other than to give continuity to both the Cultural and Linguistic Diversity working group and its coordination.

Looking forward your suggestions, please accept my best regards.

ENRIC MORERA I CATALÀ
PRESIDENT DE LES CORTS
